Dear Scouting Families, leaders, volunteers, and friends,

As we embark on the 2014-2015 Scouting year, we would like to thank you for choosing the programs of the Boy Scouts of America. We have many things to be excited for in the upcoming months; a revised Cub Scout Program, the opening of summer camp season, and a new way to do advancement in Venturing. On top of our traditional programs we have a renewed energy in expanding our Exploring Programs for young men and women 14 — 20, and the opportunity for Exploring Clubs in Middle School aged boys and girls.

We hope that you use this Calendar as a resource to provide additional opportunities for your Scouts and Families. Our programs offered by the Districts and Council are supplemental and are intended to provide character & leadership development, and most importantly FUN.

The program partners listed in the Program Planning Calendar financially support the publishing of this resource. We hope that you might support them as well by participating in the programs and opportunities they offer Scouts and Scouting Families.

Powered by Popcorn, Powered by You!

Popcorn is coming! Popcorn enables your unit to do the things you want without having to do numerous fund raisers. By selling popcorn in the fall, it can support the entire year of scouting for your unit. Not only does it help raise funds for your unit but there are plenty of rewards for your scouts as well. Dens and patrols can earn prizes, gift cards, scholarship money, and for all scouts who sell \$600 or more, they can get their very own Sky Rockets set which consists of a foot launcher, 2 light-up night rockets, and 3 daytime rockets!

We have assembled a tasty line-up of products at different prices that customers will enjoy as they support scouting by purchasing popcorn. And remember- **over 70% of the purchases go back to our local scouting programs!**
