There are no restrictions on visiting adults, so long as troops follow all youth protection policies regarding adult supervision.

**What Your Fee Buys:** Each participant will enjoy a weekend of camping at the fabulous Horning's Hideout, Scouting activities on Friday, Saturday and Sunday including two electrifying campfires, and a scout's own chapel service. Participants will also receive a Camporee 2013 patch and bragging rights for top scorers. Some activities may not allow full Webelos participation, due to safety and insurance concerns. Webelos and youth not meeting the BSA guidelines and insurance safety requirements will not be eligible to participate in some activities.

**Accessibility:** Horning's Hideout is generally accessible for special needs individuals. There will be wheelchair accessible restrooms.

**Please make Camporee staff aware of any special needs prior to arrival at the park & then remind us when you arrive.**

**Arrival Procedures:** Plan to arrive on Friday between 4:30pm and 9:30pm. You will be met near the entrance of the park by members of the Camporee staff. They will direct you and provide you with a map of the Camporee area, with your campsite marked, as well as an up-to-date schedule. If you have a large amount of troop gear, proceed to the unloading area closest to your campsite. Unload your vehicle(s) and immediately move **all** vehicles to the parking area.

***Campers are REQUIERED to carry individual gear/backpacks to their respective campsites. For security reasons NO ADMITTANCE to the park after 11:00pm will be allowed.***

**Parking:** Parking will be allowed in designated areas only. You may drive to the closest parking bay to your campsite for **unloading and loading troop gear only**. It is only a short walk from the parking area to your campsite. This is a modified tailgate campout. Please pack accordingly. Roads **must** remain open at all times to allow access by emergency and fire vehicles. Every parked car must display a parking pass, please fill these out before arrival at Camporee. (They are attached to this guide).

**Medical Forms:** Every Scout and Adult attending Camporee **must** be covered by Parts A & B of the BSA medical form. Unit leaders **must** bring **COPIES** of the unit medical forms to Camporee. Medications **MUST** be kept in a secure locked box or in a unit leader's car. If your unit does not have a lock box or does not wish to store the medications in the care they can be surrendered to the camp medic who will administer them. Medications will be returned at the end of camp. Also any medications requiring refrigeration i.e. Insulin are the responsibility of the individual units.

**Tour Plans:** All troops / crews / ships / posts / teams must fill out and file a Local Tour Plan with the council before arrival. **All** drivers, including drivers of Webelos attending Camporee, need to be included on the host troops Local Tour Permit.

**Campsite Locations:** Each unit will have a designated area staked out and marked. Please remember neighboring units when setting up your sites. Be neighborly, use only the space you need. If there are space conflicts that cannot be amicably resolved, contact members of the Camporee senior staff through HQ. **LDS Stakes that wish to camp together need to contact the Camporee registrar before land rush.**

**Check In:** Upon arrival to camp, a unit representative is asked to check in with Jim or Val Holmstrom at Registration. Unit leaders are required to have with them an **accurate roster** with names of all youth and adults which will be turned in to registration upon arrival. This is also the time to remind the Camporee staff of any special needs participants or of any other matters that may need staff attention during the weekend. For security reasons all

registered persons, campers, and Saturday visitors will be issued an armband that they will be expected to wear for the duration of the event.

**Medical Facilities:** Report any acute medical conditions to the medical staff upon arrival. Those persons with diabetes or allergies to bee stings must provide their own emergency kits. Anyone with allergies should be prepared with the proper medication. Our medic will also want to know if there are any doctors in your group. **Minor first aid needs are the responsibility of the troop.** Be prepared.

An EMT-B will be providing first aid on site for more advanced injuries or serious health problems. **All accidents must be reported to senior staff or the camp medic regardless of severity.** Arrangements have been made for emergency evacuations, if needed.
