Policy Information Reminders

It is the responsibility of all Cubmasters or Cubelos leaders in charge to make sure that everyone in their pack is aware of the policies and information reminders in this handbook. All adults are asked to please help ensure that these guidelines are adhered to by all. Doing so will ensure a happier, safer and more positive Cub Scout experience for all.

- There is “Zero Tolerance” with regard to the possession and use of illegal drugs and alcohol in camp at any time. Anyone found to be in violation of this National Boy Scouts of America policy will be expelled from camp. There is no place for such things in a Scout camp.
- Any accident, injury, missing adult/youth and any other emergency must be reported to the Cubelos staff. Cubelos staff has radios and - or cell phones of other staff and emergency responders. It is also required that an incident report be completed for each occurrence.
- If you need to leave camp for any reason during the weekend, you must sign out with the Cubelos staff. This is done so that we do not start a search for a “lost person”, who is not indeed lost. Upon your return check in with Cubelos staff.
- The “buddy system” is to be used at all times while in camp. This means that under no circumstances are any children to be walking around by themselves. They must have a “buddy” (parent or pal) with them at all times. This is for health and safety concerns.
- Even though there may be several fire rings in your site, we ask that you have only one campfire in your site. This makes it safer for everyone, knowing that there are not several scattered fires. Flames from your campfires are not permitted to be more than three feet high. (There are no exceptions for anyone regardless of outdoor skills or professional background.) This is a health and safety issue. Please consider this the first and only warning. Any fires found to be too large will be extinguished.
- Do not deface any property. The tent platforms can be used by campers for their own tents, but please do not drive nails into them. Please do not carve, write-on or deface the picnic tables.

- Do not kick, roll, toss or in any other way move rocks that line the trails leading to the waterfront or around camp. These rocks are particularly placed there to assist with conservation/trail erosion. If you see anyone moving these, please see that they are placed back where they originated.
- Around the camp in the woods and around the lake are large boulders. No one is permitted to stand, climb or walk on them, unless as part of an official bouldering or climbing program.
- Do not leave any food (leftovers, scraps, garbage) out in your campsite. Make sure that everything is put away properly, especially at night. Food should be stored in coolers with lockable lids. Never put food, especially snacks and candy, in tents. Animals can be attracted such as raccoons, skunks, mice, fox and bears.
- Be considerate of others. There will be many people in camp during the weekend. Keep out of other people's campsites, tents and possessions. If you find something that does not belong to you please turn it in to the designated "Lost and Found."
- Everyone must be out of camp no later than 11:00 AM on Sunday. Allow your unit enough time to have breakfast, take its gear to the parking lot, properly clean up your site, do your service project and have your site inspected by a member of the commissioner staff. Cubelos patches will be distributed after inspection is completed.
- There is no running in camp, unless it is part of an organized game or competition.
- Appropriate footwear should be worn at all times. Barefoot is not an option. Flip flops and other open toed shoes are not appropriate for camp.

Boy Scouts of America - Smoke-Free Policy

Position

It is the responsibility of the Boy Scouts of America to protect the health and safety of the young people in our program. It is the policy of the Boy Scouts of America that leaders should not use tobacco products in any form in the presence of youth members.

In addition, extreme care should be exercised to provide smoke-free environments for all Scouting participants. Therefore, along with the national organization, local councils should approve the following motion:

Motion

All building or facilities under the control of the local council are to be designated as non-smoking facilities. Smoking outside entrance/exit doors is not permitted at any location. In addition, all Scouting functions, meetings, or activities should be conducted on a smoke-free basis with permitted smoking areas located away from all participants.

Implementation

While at camp, please do not smoke in camp. If you have to smoke, please go down to the parking area to do so. Before you leave the parking lot, please field strip your cigarette butt. This means make sure the cigarette is out, break off the filter and put it in your pocket to be thrown in the garbage. Do not leave the parking lot full of butts, as it may be your pack that has to clean the lot as their service project

Each pack will be given a section of camp to police for trash. This project must be completed before your pack's site can be inspected, and before your pack leaves for home.

Remember the Leave No Trace Policy.
