What is the Scouting for Food Drive?

Scouting for Food is part of a national program sponsored by the Boy Scouts of America and is conducted by local Boy Scout Councils. Our Council has been an active participant in the Scouting for Food campaign since 1988. The food drive, which is held annually, units scouts with their neighbors in an effort to help eliminate hunger. All food items, regardless of where they are collected, benefit area food banks and shelters.

The Benefits of the Scouting for Food Drive

The Scouting for Food Drive plays an important role on many levels.

- * It provides a convenient means for individuals to play an active part in meeting the needs of their neighbors, friends and families.
- * It promotes team-building and provides a sense of community among residents.
- * It increases awareness that there is a real hunger problem – even in our communities.
- * It helps stock shelves of local food banks and shelters without expenditures of their limited budgets.
